

**Newton Information Day (DRAFT VERSION 01)**  
**Thursday, 18 July 2019**  
**British Council Office**  
**Office 8 Building, 9<sup>th</sup> floor, Jalan Senopati Raya no 8b, Jakarta Selatan**

In the anticipation of the call launching of Newton Institutional Links – KLN 2019 (IL), British Council is inviting interested researchers to participate in Newton Information Day. Sessions are designed to provide a thorough information on how to increase competitiveness of an IL application.

Newton Institutional Links – KLN 2019 provides grants for the development of research and innovation collaborations between the UK and Indonesia. The research facilitated by these grants tackles local development needs and challenges such as extreme weather conditions, access to affordable health care, food and energy security.

**Key Objectives**

- Prepare leading researchers to participate in international research activities
- Researchers will fully understand about the selection process and mechanism of newton fund IL
- Researchers will be supported during the application development process
- To increase application’s accuracy in submitting budget proposal to BC

**Participant Profile**

- Applicant of Newton Institutional Links – KLN 2019

**The British Council** is the UK's international organisation for cultural relations and educational opportunities. We are on the ground in six continents and over 100 countries, bringing international opportunity to life, every day.

British Council is delivery partner of the people pillar of Newton Fund

**Newton Fund's** primary objective is to reduce poverty by generating and putting into use knowledge and technology to address development challenges and advance development for the poorest people and countries. We will seek to maximise the practical impact of research and innovation to improve the lives and opportunities of the global poor. In achieving this we will grow the research and innovation capacity of developing countries, as well as contributing to the continued strength of the UK's research and innovation system, and support our wider prosperity and global influence.

**Director General of Research and Development** is the delivery unit of Ministry of Research, Technology and Higher Education of Republic of Indonesia. Its main duty is to increase the relevance and productivity of research and development in Indonesia.
